### Summary

My name is Yevgeny, I am 32 years old.

I have 1+ years of commercial experience in IT as a front-end developer.

my experience includes building responsive interfaces from scratch, patching other developers code, and optimizing the performance of web applications.

I'm always quick to learn new technology and write clean code, always looking for optimization methods.

I am currently looking for a job where I can realize my potential, guaranteeing full dedication to work and constant improvement of my skills.

I look forward to discussing how I can become a part of your team.
