Languages

Ukrainian (native)

Russian (native)

English (pre-intermediate)

Tech skills

HTML	Redux/toolkit, redux/thunk	SASS
CSS	REST API	Jira
JavaScript	OOP principles and patterns	Git
TS		webpack
React.js	Material UI	parsel

Soft skills

Accurate	Quick learning skills	Teamwork
Hardworking	Individually and in a team	Strong analytical thinking

Summary

I have 1+ years of commercial experience in IT as a front-end developer.

My experience includes building responsive interfaces from scratch, patching other developers code, and optimizing the performance of web applications.

I'm always quick to learn new technology and write clean code, always looking for optimization methods.

Experience

Enifsoft

February 2023 - May 2024 (already finish)

I am in charge of

- development of landing pages
- writing functions for the interactivity of the application
- working with requests and the server both through the react hook and through redux thunk
- fixing bugs
